"Generator Small"

Visit "[Generator Small](#)" on MotoLyrics.com

Space rivers trust triggers

What is the shape of my space
A generator moves my river
Benevolence in your trust
Unfortunate high tension triggers

And so you're new born
You want to burn
Are you really new born?
And do you want to burn?

I hope you find it
When you leave home
Just know that you might come home

What is the shape of my space
A generator moves my river
Benevolence in your trust
Unfortunate high tension triggers

And so you're new born
You want to burn
Are you really new born?
And do you want to burn?

I hope you find it
What you're looking for
I can't buy it
My generator small

I hope you find it
When you leave home
Just know that you might come home alone
