[Duet with Barbra Streisand and Kris Kristofferson]

With one more look at you  
I could learn to tame the clouds and let the sun shine  
through  
Leave a troubled past and I might start anew  
I'll solve the mysteries if you're the prize  
Refresh these tired eyes  
With one more look or you I might overcome the anger  
That I've learned to know  
Find a peace of mind I lost so long ago  
Your gentle touch has made me strong again  
And I belong again  
For when you look or me,  
I'm everything and more that I had dreamed I'd be  
My spirit feels a promise  
I won't be alone  
We'll love and live more, love and live forever  
With one more look at you  
I'd learn to change the stars  
And change our fortunes too  
I'd have the constellations point your portrait too  
So all the world might share this wondrous sight  
The world could end each night  
With one more look at you  
With one more look at you  
I want one more look at you  
Are you watching me now?  
Watch closely now  
Your eyes are like fingers  
Touching my body  
Arousing me so  
I'm riding the passion arising inside me  
How high can I go?  
You're comin' with me: I'm gonna show you how  
And when it's scary, I won't look down  
Are you watching me now?  
Watch closely now  
I see the hunger arise in your eyes  
And it's urging me on  
Higher and harder and it's faster and farther

Than I've ever gone  
Your pleasure is part of the secret  
Of flight that I found  
When I feel like on eagle  
My soul has no place on the ground  
Born out of madness  
I'll double the danger with no net at all,  
If you don't look away I'm secure  
In the fact that you won't let me fall  
Watch closely now  
Are you watching me now  
I'm the master magician  
Who'll help you escape  
From the lies you've been hold  
When they're breaking your back  
Bring the last straw to me  
I turn straw into gold  
I break chains made of boredom  
That others have lived with for years  
I leave good news on doorsteps  
And laughs where there used to be tears  
I'm gonna need you later  
When you're not around  
But I can take it  
I won't look down  
Watch closely now  
Are you watching me now  
Watch me now  
Are you watching me now  
Are you watching me now
