I was the straw to which you hung on  
I came to enlight your silly life as far as I can see  
I taught you everything I know  
Still you're stupid as before so far as I can see

Life is like a roller coaster hang on pretty tight  
Up'n down'n wrong'n right now hang on for your life

I had you sense the major thrill  
I elevated you from filth it was there for all to see  
I had you accepted I got you right but bet your ass  
there was  
A lot I had to sacrifice and still I hurt and bleed

Life is like...  
IT'S OK  
Hear me say it's ok there just is no other way  
I believe and strongly feel some things just aren't  
meant to be

All the time in our lives something somewhere draws a  
line  
I believe in time you'll see sometimes some thing are  
best let be  
You may find between the lines lotsa things you missed  
first time  
But that's ok now hear me say we all learn from our  
mistakes

Yes I'll be all right  
Yes I think I'll be all right  
I hope I'll be all right  
Yes I wish I'll be all right  
It's ok

Comed this far it's who we are and what and how that  
takes us far  
So just proceed leave history behind but make sure  
your hands are clean

Halt for a while now would you try to change things  
given one more try

Sure I know the level is low but never fail and you'll  
never know

You may find between the lines...  
Yes I'll be all right...  
All the time in our lives...  
You may find between the lines...  
Yes I'll be all right...
