On the twilight of life, the sky shed tears  
Knowing too well of what lay ahead  
Fate revealed

Pale shadows danced as the night caught fire  
No turning back, one glance ahead  
What was void now turns to red

Responsibility discarded  
A snake always sheds it's skin  
Push away the pain we cause  
Live to sin, we are

Hunter/killer  
Blinded by our hate, deafened to cries  
Hunter/killer  
Only one has the right to survive  
Hunter/killer

Faith in conviction of lies  
When all that's left is a sigh  
Then we'll wonder why no one asked why

A truth that cuts deeper than the lies that bind  
Souls hardwired to serve one god  
Backbone made of fear translates to lack of control

Responsibility discarded  
A snake always sheds it's skin  
Push away the pain we cause  
Live to sin, we are  
Hunter/killer  
Blinded by our hate, deafened to cries  
Hunter/killer  
Only one has the right to survive  
Hunter/killer

Faith in conviction of lies  
When all that's left is a sigh  
Then we'll wonder why no one asked why

Torn apart who can we look to for answers?

One more loss will bring is closer to the edge  
Unwritten chapter, a final tale  
Are we the only one's who cannot comprehend?

Can't you see we've only just begun  
No second chance, there's only one  
No turning back, what's done is done

Look into the eyes of madmen  
Pools of blackness lie beyond  
Drowning the soul, drowning cries

Ties that blind, lineage that's last so long  
Must be overcome before  
Time is revoked, curtains fall
