Camp Cappuccino  
At forty seven degrees  
Pray for me later  
I'm heading for the beach at full speed  
Psychic biplane  
Moulded muffins on stalks  
Camp Cappuccino  
Never underestimate the power of cock  
Now we're talking  
At least you're moving your mouth  
Camp Cappuccino  
Vitamin deficiency trout  
On the menu  
But not approaching the plate  
Camp Cappuccino  
We could build a helipad and make a lot of money  
We could build a helipad and make a lot of money

Camp Cappuccino  
In 1973  
They had better landslides  
I still remember digging you free  
No survivors  
They used their berets as rafts  
Camp Cappuccino  
I hear they even partied as the island collapsed  
That's the spirit  
Give them something to mourn  
Camp Cappuccino  
Where even child abduction is wrong  
Western values  
They'll be the death of us all  
Camp Cappuccino  
We could build a helipad and make a lot of money  
We could build a helipad and make a lot of money

The middle class  
Took their petty cash  
For the waiting staff  
To blow... at Camp Cappuccino

We could bait the lion  
We could bait the lion  
We could bait the lion  
But who would fix the futon?  
Who would fix the futon?  
Who would fix the futon?  
[x2]
