Where were you when Russell Brand discovered fire?
Did you join with the crowds in Trafalgar Square and
watch on the giant screen?

This year the big day will be marked in part by the
screening of a second series
(Of your name)

Where were you when Pele cured cancer?
Did you watch on the stand or sit on your hands as the
realization dawned?
Of course, we don't know if he ever really got involved
with a test tube. (The science (?))

Simon says we have no future
At least in terms of life on earth
Even though we are ascending
We cannot tell our kids apart

Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Notes!

Were where you when Diff'rent Strokes ruled the world?
When you sat in a chair with ridiculous hair as the cash
began to flow?
I was a child then, but that doesn't mean I can't
remember fearing tie-dye.
(Douglas Hill (?))

Simon says we have no future
At least in terms of life on earth
Even though we are ascending
We cannot tell our kids apart

Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la
Notes!

Going bald was the new Nirvana
Staying out late was the new Nirvana
Dressing your child as a prostitute was the quickest
route to fame
Girls Aloud were the new Nirvana
Then any old sh*t was the new Nirvana
The terrible seconds turn to days and still I cannot
show my face
The glades and stars and hills that call me back to
where they cannot feel me
Over spacing to my hands and bow to (?)

Notes, on achieving, orbit, orbit
Notes, on achieving, orbit, orbit

Sha la la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la la
Sha la la la la la la la la la la la la la la
Notes, on achieving, orbit, orbit
