Fly with me, we can get a little privacy
don't even knock on my door
when you want a little more
baby, I'll be right by, you see

I said, fly with me, we can celebrate our privacy
baby, what you waitin' for?
we can do it on the floor
if you wanna spend the night with me

Fly with me, we can get a little privacy
don't even knock on my door
when you want a little more
baby, I'll be right by, you see

I said, fly with me, privacy
o, fly with me

I said, fly with me
fly with me
fly with me

Ref.

Mila, o moja mila
sada si tuzna, srecna si bila
on je sada kraj tebe
al' znam, kraj njega ne vidis sebe

I znam da znas, doci ces
znam da znas, molices
ali ispocetka sve
s tobom vise ne

Ma koga lazem, volim te
srce u meni presudice
da ipak ne kazem ne

kada vratis se

A jednog dana znam, doci ces
u mome zagrljaju plakaces
bice ti zao za godine
zeleces da sve na staro vrati se

Znam, doci ces
u mome zagrljaju plakaces
bice ti zao za godine
moli ces da sve na staro vrati se

Ref.

Ludo moja, volim te
kako da ti kazem ne
kako da ti vratim sve
da mi zao ne bude

Razum mi kaze ne
bjezi od nje, pusti je
ali ne, ne, ne
uzalud odupirem ti se

Fly with me, we can get a little privacy
don't even knock on my door
when you want a little more
baby, I'll be right by, you see

uzalud odupirem ti se

I said, fly with me, we can celebrate our privacy
baby, what you waitin' for?
we can do it on the floor
if you wanna spend the night with me

uzalud odupirem ti se

(2x)

I said, fly with me, we can celebrate our privacy
baby, what you waitin' for?
we can do it on the floor
