Oh oh yeah yeah
Whooaaah
Picture Perfect
ohhh yeah
I see you PJ
G Curtis in the booth

Can I capture this image of you ha
You're too beautiful
And the world's gotta see it
You can never hide something so true
So just stand there and let me enjoy this masterpiece
Don't try to change it (change it no)
And you shouldn't try to re-do it yeah
Baby I'll take the blame
If there's anything misplaced
But you won't have to worry girl

I would come to every gallery
Make the highest bid baby baby
You're picture perfect
You're the hottest thing thats on display
Who can not resist that girl
Is picture perfect

She's so picture picture perfect

I could marvel at your beauty all night
Just study you, your patterns and colors
I'm falling so deep in love with you
Lets paint away create a world for you and me

Don't try to change it (change it no)
And you shouldn't try to re-do it yeah (no baby)
Baby I'll take the blame
If there's anything misplaced

Can I talk to ya for a minute
Check it out
yo uh she looks so catalogue
baby all I know is that it seem like you belong up on my
wall
the way that hair blows
those shoes look dope
damn baby struttin something like a model
show no runway but she's so fly
I swear that one day
Imma make her mine
The way that body contour to that perfect shape
In this ugly world girl your a sweet escape
You're mad hot like a summertime black top
What I'd do for a tape or a snap shot
of your love I would take it an develop it
picture perfect ain't nobody I'd be better with
I'm tellin it baby so centerfold fine
Dear lord I'm praying that I never go blind
No TV no need see thats all worthless
As long as you're here babe my pictures perfect

I would come to every gallery
Make the highest bid baby baby
You're picture perfect
You're the hottest thing thats on display
Who can not resist that girl
