"Fuckin' Politicians"

Visit "[Fuckin' Politicians](#)" on MotoLyrics.com

They know the rules to make the people blind, and how
To use then. They are the peak of our social pyramid.
Liars & thieves, a profit over the masses, neo liberal
Fascists... guilty of draining the sense or real
Democracy.

We conform with our sweet slavery, and we even don't
Know that things can change, we're consuming night
and
Day.

Technocracy, burocracy (are the) victorious ideologies,
From
The triumph of capitalism, from demagogia to publicity
The people still eats shit!

Politicians, FUCK YOU!
