Creepy crawling,
Creepy crawling.
Dark Graveyard scene.
The crypt cracks open.
Dark graveyard scene.

Feel the cold, they're not so old.
So many tales that are untold.
Feel the cold, they're not so old.

I'm dead inside.
I'm dead inside.
Dead inside.

Outside your window I'd like to be inside.
I'd like to be next to you

You have nothing to hide.

I'm dead inside - Dead inside.
I'm already dead - Bullet through my head
I see my blood - See it run red.
Proud to be sick - They all want my dick.

Stiff and blue is how I love you.
I'm dead inside - Dead inside.
Feel the cold - They're not so old.
Stiff and blue is how I love you.
