I need fetal skulls to hang on my walls  
I got a whole collection, I got a fetal infection.

Into the maternity ward late at night  
I find one that is nice and ripe  
One slice mommies wasted  
Won't be happy til it's blood I've tasted.

I need fetal skulls to hang on my walls  
I got a whole collection, I got a fetal infection.

Rip out baby, only six months old, watch it's body  
steam  
Out in the cold, cut at the neck watch the body fall  
The head is the only thing I want at all.

I need fetal skulls to hang on my walls, I've got a  
Whole collection I've got a fetal infection.

I was recline in my dimly lit room I pretend it's my own  
Tomb, got a glass case full of bone, not going to share  
It cuz it's my own, my infection it runs deep,  
Children's skulls I do keep I need fetal skulls to hang

On my walls, I've got... I got, I got a WHOLE  
Collection... I got a fetal infection.

Some mothers may think I'm ill, it's the infection that  
Makes me kill, fresh cut skulls give me a thrill don't  
Smoke dope and I don't pop pill only laugh and kill and  
Kill and kill!

... I need fetal skulls.

You... You ask why I do it, why why am I so sick? It  
Must... it must have come have come from the end of  
my  
Fathers dripping dick, cuz I remember being trapped in  
The womb, I was caught and I was doomed, no escape  
from  
My mothers tomb, someone should have cut me out,

Release my soul, cut the head off of me.

I need fetal skulls to hang on my walls, I've got a  
Whole collection I've got a fetal infection...
