Somewhere a clock strikes midnight  
And there's a full moon in the sky  
You hear a dog bark in the distance  
You hear someone's baby cry  
A rat runs down the alley  
And a chill runs down your spine  
And someone walks across your grave  
And you wish the sun would shine  
Cause no one's gonna warn you  
And no one's gonna yell attack  
And you don't feel the steel  
Till it's hangin' out your back  
I'm your night prowler, asleep in the day  
Night prowler, get outta my way  
I'm the prowler, watch out tonight  
Yes I'm your night prowler, when you turn out the light

Too scared to turn your light out  
Cause there's somethin' on your mind  
Was that a noise outside the window  
What's that shadow on the blind  
As you lie there naked  
Like a body in a tomb

Suspended animation as I slip into your room  
I'm your night prowler, asleep in the day  
Night prowler, get outta my way  
Look out for the night prowler, watch out tonight  
Yes I'm the night prowler, when you turn out the light

I'm your night prowler, asleep in the day  
Yes I'm your night prowler, get outta my way  
Look out for the night prowler, watch out tonight  
Yes I'm your night prowler, when you turn out the light  
I'm your night prowler, break down your door  
I'm your night prowler, crawling across your floor  
I'm the night prowler, make a mess of you, yes I will  
Night prowler  
And I'm telling this to you  
There ain't nothing  
There ain't nothing

Nothing you can do
