Face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny

I better stop fooling myself
And deal with today's reality
My life is a flash in the ageless time
Ain't got time to waste

See me face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny

What people are saying, I don't care
Jah is always standing by my side
No matter how tough it gets
Jah is watching over I

See me face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny

I'd better stop fooling myself
And deal with today's reality
My life is a flash in this ageless time
Ain't got time to waste

See me face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny

Face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny

Face to face with my life
Face to face with my destiny

Face to face with my life
Face to face with my destiny

Face to face with my life
Face to face with my destiny
Face to face with my life
Face to face with my destiny
