"We want peace in Liberia  
Peace in Monrovia  
We want peace in Liberia  
Peace in Monrovia  
Cause Babylone shall not rise again  
Babylone shall not rise again  
Babylone shall not stand again  
Babylone shall not stand again  
Cause everyday they talking about  
the Liberian civil war  
and everywhere over JAH land  
muddy rivers of blood oh Lord!!  
No matter who wins, Liberia is crying  
no matter who looses, Liberia still crying  
no matter who's right, they've got to stop the fight  
no matter matter who's wrong, the devil still stronger...  
So we want peace in Liberia  
Peace in Monrovia  
We want peace in Liberia  
peace in Monrovia  
Cause Babylone shall not rise again  
Babylone shall not rise again  
Babylone shall not stand again  
Babylone shall not stand again  
We calling on Jesus Christ to save I and I  
We calling Jesus Christ to save I and I  
We calling on Allah to save I and I  
Calling AdonaÃ± to save I and I  
cry, cry Liberia... "
