Under the boarded tree
I saw you next to me
Closing your eyes and looking in
Clouds in the sky today
Thoughts as we drift away
Free from our wounds and from our sin
Islands of lust turn around and bring your feet to the
ground
For the sun shines within you and it burns when you
stand all alone

Yeah...

Outside the temple gates something eternal waits
Endless, a soul that's misunderstood
Soldiers in time will fall down from the highest wall
Clinging for life, do what you could
Careless and bold do I find myself I seem so blind, so
blind, so...

I can't dream of yesterday
And everything I see remembers who you were
The day that you were gone from me
And I can't find the words to say
Shouldn't it be easier than this
So much easier than this for me

Under the falling rain
I carry a broken chain
Poisoned and fighting for myself
Simple and mesmerized, my anger is exercised
Slowly my heart has turned to cold

Careless and bold do I find myself I seem so blind, so
blind, so blind

I can't dream of yesterday
And everything I see remembers who you were
The day that you were gone from me
And I can't find the words to say
Shouldn't it be easier than this
So much easier than this for me

I can't say no...
I can't give in...
I can't let go of what I'm in...
I don't know how it might be now...
but it won't be all that you are from me
I can't believe in me...

I can't dream of yesterday
And everything I see remembers who you were
The day that you were gone from me
And I can't find the words to say
Shouldn't it be easier than this
So much easier than this for me
