Words

They twist and turn in me  
They rip and burn in me  
But a poet dies when he wants to live,  
Chooses to be free

I couldn't be in worse condition  
I couldn't find a harder time  
You wouldn't want to see me  
Falling out and in and out of mind

We can only be  
What everybody else expected  
Everybody else rejected (in me)

Paralyze  
The thoughts inside your head  
Erase the words you said  
And the emptiest color will color in your soul tonight  
I remember all the moments  
I remember every game  
My inspiration left the very same day that it came  
We can only be  
What everybody else expected  
Everybody else rejected  
And you know that I can't say  
A word against what I protected  
Everybody else corrected in me

We can only be  
What everybody else expected  
Everybody else rejected  
And you know that I can't say  
A word against what I protected  
Everybody else corrected in me

We can only be  
What everybody else expected  
Everybody else rejected  
And you know that I can't say  
A word against what I protected  
Everybody else corrected in me—yeah
