## "Say You Will"

My eyes are closed  
Within my mind I still can feel your skin  
Those memories seem so faint so thin  
You don't believe  
You close the door and never took the time  
You never once could let me in

All the time  
All the pain  
Torn apart too far to see my way  
I can't live without you mine

Say you will  
Say you will  
Shine on me for one more day  
Say you will  
Just say you will  
Love what you betray

It's all a lie  
We shouldn't be ashamed to live out loud  
To suffocate in doubt  
You have to set me free  
It's you I can't escape the things you did to me  
It's all that I can see

All the time  
All the pain  
Torn apart too far to see my way  
I can't live without you mine

Say you will  
Say you will  
Shine on me for one more day  
Say you will  
Just say you will  
Love what you betray  
Just say you will  
Say you will  
Shine on me for one more day  
Say you will  
Just say you will

Say you will

Is it me

Is it me

Am I not what you expected me to be

Did I fall

Lose it all

Did you think I'd let you do that to me

You can try

You can cry

But it won't erase what has happened to me

I can't live

I can't give

I can't say I will I will I will

I will
