Dear John, I'm sorry I can't do this anymore  
You're not the man I fell in love with  
And I have to move on with my life, goodbye

Goodbye, goodbye, goodbye cool

You were the one who'd never leave  
Beautiful eyes, you seemed so free  
Touching your face I felt complete  
Holding your hand my heart would weep

So everything that came out of your mouth was full of  
lies

You looked me right dead in the eyes  
You'd call your girlfriends and tell them that I abused  
your trust

You did your best to demonize

You were the one who'd never leave  
Beautiful eyes, you seemed so free  
Touching your face I felt complete  
Holding your hand my heart would weep

You were the one who raped my soul  
Beautiful lies, you stole my hope  
Touching your ass, I scratch the skin  
Holding your neck, I tie the rope  
(Pulling it tight)

You were the one who'd never leave  
Beautiful eyes, you seemed so free  
Touching your face I felt complete  
Holding your hand my heart would weep

You were the one, the one for me  
Now that you're gone it's hard to see  
So much of me has gone away  
There's no need to stay another day

But someone's got to pay  
But someone's got to pay  
But someone's got to pay

But someone's got to pay

But someone's got to pay

But someone's got to pay

But someone's got to pay

But someone's got to pay
