In violation of a thought a long, long time ago
Impressive reasons fill the caverns of my mind
No celebration for the people that I didn't know
Connected even though there's nothing left to find

There's more than I can see
And there's a deeper part of me
Won't you be my inspiration
Help me end my desperation now

Tell me what it is I'm meant to do
I've fallen to my knees
I've shed away my tears
And lost my destiny

I sit beneath the sun
My hands held to the sky
I cannot ask a question
But still I wonder why

Poetic justice never seems to make the world feel right
Chaotic voices in the darkness call your name
You turn away from me whenever I remind you
Of the day the sun saw through the lies exposing all the
pain

There's more than I can see
And there's a deeper part of me
Won't you be my inspiration
Help me end my desperation now

Tell me what it is I'm meant to do
I've fallen to my knees
I've shed away my tears
And lost my destiny

I sit beneath the sun
My hands held to the sky
I cannot ask a question
But still I wonder why

There's so much pain

There's so much war
There's so much hurt
I can't take no more

Won't you come and take me
To another day
Take me far away

Tell me what it is I'm meant to do
I've fallen to my knees
I've shed away my tears
And lost my destiny

I sit beneath the sun
My hands held to the sky
I cannot ask a question
But still I wonder why
