Run and tell all of the angels
This could take all night
Think I need a devil to help me get things right
Hook me up a new revolution
Cause this one is a lie
We sat around laughing and watched the last one die

And I'm looking to the sky to save me
Looking for a sign of life
Looking for something to help me burn out bright

I'm looking for a complication
Looking cause I'm tired of lying
Make my way back home when I learn to fly

I think I'm done nursing patience
It couldn't wait one night
I'd give it all away if you give me one last try
We'll live happily ever trapped if you just save my
Life
Run and tell the angels that everything is alright...

I'm looking to the sky to save me
Looking for a sign of life
Looking for something to help me burn out bright

I'm looking for a complication
Looking cause I'm tired of trying
Make my way back home when I learn to fly
Make my way back home when I learn to

Fly along with me, I can't quite make it alone
Try to make this life my own

Fly along with me, I can't quite make it alone
Try to make this life my own

I'm looking to the sky to save me
Looking for a sign of life (sign of life)
Looking for something to help me burn out bright

I'm looking for a complication
Looking cause I'm tired of trying (tired of trying)
Make my way back home when I learn to

And I'm looking to the sky to save me
Looking for a sign of life (sign of life)
Looking for something to help me burn out bright

I'm looking for a complication
Looking cause I'm tired of trying
Make my way back home when I learn to fly
Make my way back home when I learn to fly
Make my way back home when I learn to (Learn to,
learn
To, learn, to learn to)
