Chorus:

Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!

Told the bitch swallow, drinking like Patron when it's
coming at the bottle
Bitches on my dick cause I'm not like a model
Looking like I just finished winning a fucking lotto!
Money over everything, yeah that's the motto
I don't give a fuck if you're pretty or a model,
You can get me fucked in the back seat of a ...
Even though the fucking Maserati is what I'm driving...
I hope Gucci .. it's like a pony start ride her
Stallion is some Louis, but everything is Gucci
Ask me how I'm doing, told her everything is Gucci!
So I told her, gimmie ..like a mother fucker...
Then I explode like a mother fucking terrorist!
Everything is Gucci from ... to the...
If it ain't fucking Gucci

Chorus:

Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!

Everything Gucci, yeah my pocket... flagging...
Catch me in your hood mother fucker...
With your bad bitch screaming at your window
Disrespect me... leave me on your pillow
Call me ice baby, missed the fucking blizzard

..stick a tongue out, longer than a lizard!
The way she shake her ass got me chopping like a
monkey
Her pussy so good, got me feeling like a junky!
She's shaking me, she's breaking me, she's saying my
name,
I'm yelling OK!
She breaks it down, I take it down she knows that I do it
all day!
..oh my God we should...
Break it back like a mother fucker...
I'm Gucci down for the mother fucker ..
I think I'm Gucci man, no...
I think I'm Gucci man, no...
I think I'm Gucci man, I'm talking about..

Chorus:

Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!
Everything Gucci, everything Gucci
Everything Gucci, yeah my pocket... flagging!

It's G4, Fred the Godson ...
..when they salute me,
Red black and green, every day is Gucci!
Flow go over your head, call it...
Them girls, I keep calling 'em.. I call 'em groupies,
Excuse me, our life is very different
You ..every nigger, you love me, and like my thing
Gucci .. boy, tell me what it look like,
.. I gotta go for me, tell me what she look like.
Is she dead, her booty bang?
She heard me on the radio, she ...
Ay, sounds like a plan! I will turn her favor..
I'm about to make a movie, I'm gonna make a movie
Will talk about it tomorrow cause every day is Gucci
