For now, let's not make no big decisions
Let's just ride this wave for a little while
We've got time, and we're bound to have collisions
Let's not worry about it; not right now

Cause I'm here with your love always
And I'm gonna keep it safe in my own hands..

Oooo we'll be soaking up the sun
I'm in it for the long run, you and me together
Oooo whispering in my ear, saying that you'll be right
here
Tell me again and again cause
I'll never get tired of hearing it's forever!
Oooo it's forever! Oooohhh

This took time, and we've been scared and stupid
along the way
Oh yeah baby!
But our love is getting stronger and stronger everyday
(yes it is)
And I'm here with my love always
and you're my shelter when the rain comes down!

Oooo we'll be soaking up the sun
I'm in it for the long run, you and me together
Oooo whispering in my ear, saying that you'll be right
here
Tell me again and again cause
I'll never get tired of hearing it's forever!

I don't care what the people say, they don't know
anyway.
Ooo! It's just me and you, there's only room for two.
There's only room for two.

Oooo we'll be soaking up the sun
I'm in it for the long run, you and me together
Oooo whispering in my ear, saying that you'll be right
here
Tell me again and again cause

I'll never get tired of hearing it's forever!

Oooo it's forever! Oooohhh
