The Sky is grey today
No wonder why I'm sitting on my window
Feeling so afraid

That this Day my pass through my mind
And let me forget all my principles
'Cause I don't wanna be
Left alone to see

How life goes by so quickly
And you feel you had no time
To do all the stuffs you once
Thought you would but I won't let it come true
'Cause I'm Young, I'm gonna be the number one

Then I would look back to the stars
And it would look back to me
Telling me what I did
What I came in this world to do
And I won't feel afraid
Anymore, cause I know

That I finally made my blues
Now I had my time
And now honey I'm alright
That I finally made my blues
Now I had my time
And now honey I'm alright
I'm alright...

How life goes by so quickly
And you feel you had no time
To do all the stuffs you once
Thought you would but I won't let it come true
'Cause I'm Young, I'm gonna be the number one
