like some girl in a snuff video  
with a chord around her neck  
and her veins full of blow  
she's dancing like she doesn't know  
that she's hanging in the morgue with industrial  
so gothed out like "black number 1"  
She'd rather slit her wrists than have some fun  
Shaking her corpse to the same old shit  
Playing it safe is boring, isn't it!?

Oi! Mr. DJ, what records are ya playin' today  
Oi! Mr. DJ, are you gonna play the same damn thing  
that you did yesterday

This ghetto  
abysmal  
like gangstas  
in limbo  
creation  
invasion  
a fortress  
a mission  
arrested  
infested  
this corpse has been re-animated  
pale embrace in a sick romance  
it's dead and gone but still they all dance  
Every day is Halloween  
but it's Halloween stuck in '93  
And it makes me think of the good old days  
of skinny puppy and ministry  
combat boots and pvc  
Dressing up like a scary drag queen  
It's dead and gone, so let's move on  
Industrial R.I.P.

If yer lookin for a zombie fuck  
then get your kicks at the club noc noc (Seattle, WA.)  
dancing all ro-bot-ic  
120 bmp goin tic toc tic toc

un-dead posers drinking at the bar

and broken pretty things that can't get very far  
and the 3 legged dogs that are on the the prance  
I say step aside bitches I'm here to dance

Let's fucking dance
