there ain't nothing on this mother  
they think we don't own it  
they try so hard to make us forget, get  
they think we don't own it  
they try so hard to make us forget, get  
so sick of it  
mother fucker  
i saw a sign outside no god damn free ride  
what if I took you down tonight  
would you put up a fight  
it's time we let you go  
all the numbers have to show  
that we stayin' in control  
don't you fuck up the show  
they think we don't own it  
they try so hard to make us forget,  
let's go, let's go, let's go, let's go, go  
they think  
I looked down in my hand  
and I saw a key  
buried under apathy  
they gonna try and bury me  
I stood with no voice  
being confused about my choice  
then I thought I'd had enough  
it's time to fuck em up  
they think we don't own it  
they try so hard to make us forget,  
let's go, let's go, let's go, let's go, go  
they think  
mother fucker  
ther-ther-ther-there ain't ain't noth,  
ther-ther-ther-there, mother fucker  
ther-ther-ther-there ain't nothing on  
ther-ther-ther-there, mother fucker  
they think we don't own it  
they try so hard to make us forget,  
let's go, let's go, let's go, let's go, go  
they think
