I'm an armchair patriot  
A part-time revolutionary armpit  
Minimum wage slave  
Don't put your fingers through in my cage  
I'm the wonder of our age  
If life was a video game, then I might engage  
But I'll just call it a day  
Cause I ain't slavin' away  
To try and figure things out  
To try and better the world  
I just keep my head low and watch some telly  
Yeah smelly with this belly  
I got no ?tini?

I'm scared to know  
Where things might go  
I'm just goin' with the flow  
In a world of super-villains and anti-heroes

You...

But every once in a while, with a wince,  
I get a glimpse of something greater than me  
And than I don't want their creepy ass  
Pullin me in heart first and head last  
And its forcin' me to think  
Going way too fast

I said I'm scared to know  
Where things might go  
I'm just going with the flow  
In a world of super-villains and anti-heroes

You...

It said no rest for the wicked  
It said no rest for the wicked

I don't want a world where nothin' matters  
And I won't ??won't take nope for hope anymore??  
And I don't want a world of good and evil

And I don't wanna be a soldier anymore  
Anymore...  
Anymore!
