Every species on the planet waits in a traffic jam
Sitting in the passenger seat of extinction
Poised to take hold of the wheel
And turn the car into oncoming traffic

[CHORUS]

Is there really time
To get it all right?
If we wait any longer
It feels like suicide
Let's go
And not just hope for the best
We gotta put it on the med
'Cause nature has the best revenge
Go!

You know I do, you know I do, you know I do-oo!
You know I do, you know I do, you know I do

Will somebody tell me
Is it all just a big trick?
Is there nothing money can't save you from?
Or does God have a hand in it?
Or does it all come down to
The status quo?
I got my other priorities
I let my instincts go

[CHORUS]

You know I do, you know I do, you know I do-oo!
You know I do, you know I do, you know I do

Revenge!

I just can't shake the feeling
Like it's all gone wrong
I feel it sitting next to me
And it won't be long
'Cause when you've reached the top
And you've grown too strong

There's only one thing to rely on
And that's self-destruction

[CHORUS]

You know I do, you know I do, you know I do, you know I
do-oo!
