(Wise Intelligent)

I Self Lord and my crew

Coming through

Gotta' teach what we taught to each other

I swore upon my crown

That I'd down any clown

So this one's dedicated to the style thieving suckers

Here comes the wise man

Methods of dropping' mental

But no one open doors

For I self Lord and master

Have to be an independent source of life and matter

Why just for me to matter

Or just for you to listen

Some can't figure me

They say I'm just too complicated

They ask me what my age

Then I have no recollection

They ask me "what religion?"

But religions not important

Principle, culture, nation

Civil law and order

I'm checking

I self lord and the P-R-T P-ossee see it

Every style we drop some one come thief it!

But I don't understand why some of us can't be creative

We hail from New Jerusalem, but others see no nation

Smile as they ?????? â€¦.Hmmm Sit back and meditate

It's that simple

(Culture Freedom)

POWWW!!!

(Wise Intelligent)

Methods of dropping mental

Chorus:

Yeah, Yeah, Yeah (Earth, Wind and Fire)

Methods of dropping mental (Wise Intelligent) 3X

(Wise Intelligent)

Some of we have waited  
For someone such as myself  
To go all mental  
My methods of dropping' mental  
Listen to the teacher  
As the teacher  
Proceeds to drop into the style  
While I profile mine  
I often findâ€¦  
Many people ask me teacher how did you know this?  
And I respond hmmmâ€¦  
Knowledge, wisdom, understanding, culture, plus  
refinement  
We're no savages  
In pursuit of happiness  
Culture Freedom always often use to tell me "Wise  
Intelligent they're lacking"  
Well then it's time for them to blacken  
Wake up to the fact I teacher that of God  
The Supreme Being  
Teacher, King  
Same thing  
King sit upon the throne  
Rule wisely  
Justly  
Plus thee  
Crown of creation  
Making music

(Culture Freedom)  
For the fools

(Wise Intelligent)  
Casting jewels  
Simply taking them to school  
Say the teacher  
The crown of life bears knowledge  
Polish up a sucka'  
Inna' automatic second  
See it's â€¦ SIMPLE!  
Methods of dropping mental

Chorus:  
Yeah, Yeah, Yeah (Earth, Wind and Fire)  
Methods of dropping mental (Wise Intelligent) 3X

(Wise Intelligent)  
Once again  
Yes my friend  
Here's Methods of dropping mental  
Simple it may be

But some say opposite  
This is what you get  
From Divineland  
New Jerusalem dropping it  
Some come swapping it  
Snakes in the meadow  
Grass cut low  
When the snake's head show  
The snake's head go  
See I don't mess around with no snake  
Cause I'm the snake's meat  
Greet me  
Then he beats me  
For something I created  
Maker and the owner of the style  
So I profile like I made it  
It takes an A plus to grade it  
Wise come flashing the style of fashion  
And I sometimes think  
About the purified words, ways, actions  
????? Just to show and prove that I posses these first  
The mental principles of the universe  
Weight that of knowledge  
Culture say "on with"  
And I proceed  
Now one's own need  
Greed  
Envy, lust, jealousy  
Will kill a man  
It's that simple.  
Well umm yes  
I understand it takes a teacher to explain the very  
essentials  
Methods of dropping mental

Chorus:

Yeah, Yeah, Yeah (Earth, Wind and Fire)

Methods of dropping mental (Wise Intelligent) 3X
