"Separate Ways"

A different world, a different life
The perfect way to say goodbye
Another view, another you
It's not time to laugh, it's not time to cry...
I've learned a lot from my mistakes
How can we follow separate ways?
I've learned a lot from what I've done
Why do you hide, why do you run?
A childish love, an endless lie
I won't be with you, I won't be by your side
Trapped by your smile, trapped by your eyes
I won't be with you, tonight this story dies...

I've learned a lot from my mistakes
How can we follow separate ways?
I've learned a lot from what I've done
Why do you hide, why do you run?

I've tried to tell you that there's
Nothing else to see
Please try to believe me,
Why don't you set me free?
I don't need your love, or any kind of help
Well I don't need these memories,
It's time to move ahead...

I've learned a lot from my mistakes
How can we follow separate ways?
I've learned a lot from what I've done
Why do you hide, why do you run?

I don't need your love,
I don't need your love...
I don't need your love,
I don't need your love...
