You've cried for so long  
And your tears don't come out anymore  
You know where I come from  
And that's something I'll never forget

Take away the pain and the fear  
Those that put you down for hundreds of years  
Humiliation must never come back  
'Cause a new generation will strike back

Heads up! Don't decay!  
Don't stop until our world is changed  
Heads up! Ain't no shame  
Let's make it stop!

You've screamed for so long  
Inside a storm, the winds from  
Faraway brought so your voice kept strong  
While they raped our land without an end  
So come and show them your face  
And tell them now: We won't put our heads  
Down again! No one will ever buy  
Or sell our fate, our pride or our lives again!

A new order awaits  
A new world awaits  
A place for dreams will become true  
Latin America is our land  
Our past is present  
We will defend our roots, our rights  
Our land, no matter what it takes

We're looking for something  
Something to believe  
Insurrection  
We believe in a better tomorrow  
Where we all can believe  
Insurrection

Wake up brother - this isn't over yet!

Let's write our history with our bloody hands

Â´cause heads of state didnÂ´t hear demands  
TheyÂ´ve served themselves and theyÂ´ve stolen  
All they could, theyÂ´ve bitten the hand  
That fed them their way through
