One beam of light, is enough to see where you're going
One wrong turn, is enough to loose your way
One choice, is all you have to make
One ounce of faith could save the day
I believe, that I came to know you for a reason
I believe, that the things that you say will come true
I believe that with you in my life I'll make it
I believe in you .stlyrics

One Mistake, doesn't have to mean that it's over

One bad day, only means there's work to do

One night, is sometimes all it takes

To realize one thing is true
I believe, that I came to know you for a reason
I believe, that the things that you say will come true
I believe that with you in my life I'll make it
I believe in you

Take a picture of me now, take a look at who I am
Yesterday I wasn't half as strong

Take a picture of us all, what we've been and what we
are
Look at that, and tell me I'm wrong

I BELIEVE!

That I came to know you for a reason

I believe, that the things that you say will come true

Oooohhh

I believe that with you in my life I'll make it
I believe in you
I believe in

You

I believe in

You-oo-hoo
