So many nights i watched you sleep  
(watched you sleep)

Tried to resist but it got so deep  
(got so deep)

And when you're next to me,  
you're still light in my reach,

But i just long for you,  
My soul is dark, I cease the night  
(cease the night)

But your the angel that show me the light.  
(show me the light)

And i tried to be strong,  
But i still long for you.

{Refren}

I look into your heart, and discover myself,  
but I'll never be a part of your world

I need you,  
Can't reach you where world's apart.  
If you need me, look into your heart.

You tame the beast,  
I bleed for you (i bleed for you)  
You showed me love,  
Something i never knew (never knew)  
I'll take the blame, my life's ashame,  
But i just long for you.

Don't wait for me (don't wait for me girl)  
I'll never be (a part of your world)  
But I'm in your heart & forever

{Refren}

I look into your heart,  
and discover myself,

but I'll never be a part of your world  
I need you,  
can't reach you where world's apart.  
If you need me, look into your heart.

I look into your heart,  
and discover myself,  
but I'll never be a part of your world  
I need you,  
can't reach you where world's apart.  
If you need me, look into your heart.
