[A-Wax]

Anybody seen a shoeless knock?  
What he get you for?  
You lose a lot?  
Gotta tell you, you was weird homie  
Thin air the mutha fucka disappeared on me  
I never caught the name but I know the face  
Try to gun his ass down but he stole the base [SAFE]  
Where I'm from in The Bay it's real  
We look at \$10,000 like a A-Rod deal, yeah  
Hit licks plus grind and stack  
This ain't Arizona you can't have a diamond back [no]  
Check it out he must have got that stain off  
From when I New York Yankee'd his chain off

[Chorus] - 2X

I just can't turn my back on my hustle  
Once I was broke but that was never again

[A-Wax]

Concrete field of dreamz  
When you get hemped up don't spill the beans  
Three strikes ain't shit compared  
To a Louisville slugger when it hits you dead  
We about to run out so I call for more  
Got birds like Toronto and Baltimore  
Right now you better warn your folks  
Pure kicks in Marlin off the Florida coast  
Florida coast, Florida coast  
They got scorpion seals and they store them boats  
Call Bad Boy tell they roster  
Biggie should have been a L.A. Dodger  
Hard head make a you know what  
Bad juice make a pruno cup  
I used to rap just to get more clients  
Now I do it from my Frisco Giants

[Chorus] - 2X

[A-Wax]

I need to weigh it let me use your spot [it's cool]

Let me know you see a shoeless knock  
I been lookin' for that dude for weeks  
It was only 300 but I'm losin' sleep  
When them suckas get word they gon' hate  
Roll a dollar bill doc you want home plate  
Head first like I'm wit your main  
Baby knows I ain't wit no games  
Love gone only greed is left  
Pop him in his gut, walk 'til you bleed to death  
When that blood drips down your legs hot  
Turn your White Socks into Red Socks  
Fuck a doc he needs a Anaheim Angel  
Check my point of view out my rhyme mangle  
Yo this letter on Oakland A's hat  
Ain't for Athletics stands for A-Wax

[Chorus] - 2X
