You never feel
You never know
Look around you and tell us which way to go
Let's find another hunting ground my friend
PRESENCE OF MIND
See the sunlight burning down the road
There is the GOD
THE HUNT IS ON!

Bring your power sister move your ass
I'm not your rival I'm your fellow
KILL THE MACHO!
Nothing is too far for you to reach
Sometimes in another day
Sometimes in another way
Sometimes in another day
You'll see the lights come on and pray

So I die in another day
So I die in another way
Sometimes... FUCK THE NORM!
