It's only be a short time  
me and you

But I want you to know we're closer than any other two.  
It's hasn't been a long time  
since we met

But there's something about the way you're made that I  
can't forget.

I wanna love you  
love you  
love you for the rest of my life

I only love you  
love you. love you for the rest of my life.

Open your eyes  
girl  
and look around.  
It's gotta be something special you and I have found.  
I've only gotta touch you and I'm gone  
You're getting inside my mind  
girl  
and that can't be wrong.

Oh I wanna love you  
...  
You  
you think it's a game and you don't understand how I  
feel.  
Me  
I know I won't chnage  
but how can I tell you it's real.  
But I know I only wanna -

Only wanna I love you till I drop  
In ev'ry available moment and I'll never stop.  
I've only gotta touch you and I'm gone...

Oh I wanna love you  
...

You  
think it's a game and ...  
I only wanna love you  
love you  
love you for the rest of my life

I only wanna love you  
love you  
love you for the rest of my life.  
I only wanna love you...
