Kicking back just settled down
Talking with friends
About the hopelessness we see
Homeless people forsaken now
Walking by us as we turn our eyes away

A cup of water, a bite to eat
An act of kindness to someone else in need
A gentle word, a thoughtful deed
It's so easy to make a change you see

Chorus
You could be an angel in disguise
You could be an angel
Take a look into their eyes
You could be an angel in disguise
you could be an angel
reach out your hand and try

Wake up, take a look around
People hurting
Can't you hear their cries?
It's so easy to reach out your hand
You could be an angel in disguise

Chorus x2

Why don't you lift up another
You can make a change
You know that you can make a difference
Your love can light the way
Love can light the way

Chorus x3
