Chorus

Show me your love for me always
Show me your love for me
Show me that smile brightens up my day
Your love it sets me free

I was blind, so blind, your love I could not see
When you came into my life
I was lost beyond belief
A relationship so bitter
The pain never ceased
Do I open up my heart again
And let you love me
You've got to show me

Chorus x2

You are kind and warm
My love for you is so strong
look into my eyes it's honesty yeah
I'm right where I belong
Holding you is heaven
Let the stars shine above
Now I need your body, mind and soul
To create this perfect love
You've got to show me

Chorus x2

Never thought
I would take a chance again
Burned by love
I didn't want to let you in
But kissing you
That's how it's supposed to be
So come here, get closer and closer
And show me

Chorus

Chorus x2
