Where the road takes me, where the road takes me I'll
never walk alone
Where the road takes me, where the road takes me, I'll
always make it home
Journey is the destination, just let me see through Your
eyes
Even though I'm searching,
even though I'm searching, You're my guiding light

Let the blind and broken see
Let the peace inside me be
Love is all we, love is all we, love is all we need
Let the light inside You shine
Come on put Your hand in mine
Love is all we, love is all we, love is all we need

I can feel the thunder voices of the angels echoing
inside of me
Singing through the sadness,
breaking through the madness reaching out to set me
free
I don't know the answers hidden in the questions but I
know that I believe
Follow in Your footsteps, find me in the darkness
falling to my knees

Let the blind and broken see
Let the peace inside me be
Love is all we, love is all we, love is all we need
Let the light inside You shine
Come on put Your hand in mine
Love is all we, love is all we, love is all we need

All we need, all we need, love is all we need

I don't know the answers hidden in the questions but I
know that I believe
Follow in Your footsteps, find me in the darkness
falling to my knees

Let the blind and broken see

Let the peace inside me be
Love is all we, love is all we, love is all we need
Let the light inside You shine
Come on put Your hand in mine
Love is all we, love is all we, love is all we need
[x2]

Love is all we, love is all we, love is all we need
