I close my eyes  
And even when I'm sleeping  
I'm alright  
'Cause you are in my life

Once upon a time  
I only imagined this  
And now you're mine

Wished for you so hard  
Pray that you'd find me  
Maybe you're here today  
Here to remind me

If you believe that dreams come true  
There's one that's waiting here for you  
'Cause I believed when I saw you

That when you want something enough  
Then it can't escape your love  
There is nothin' in the world that cannot be  
If you believe

Everybody said that  
That I was a fool to think  
That we'd connect  
But I couldn't get my heart out of my head

And they just didn't see  
No, they just couldn't know  
The feeling that you get  
The places that you go

If you believe that dreams come true  
There's one that's waiting there for you  
'Cause I believed when I saw you

That when you want something enough  
Then it can't escape your love  
There is nothin' in the world that cannot be  
If you believe

Never wished for material things  
Never needed wind in my wings  
I never wished for anything but you, you, you

I can't explain it  
Someone just told me  
Go where your heart is  
You'll never be lonely

If you believe that dreams come true  
There's one that's waiting there for you  
'Cause I believed when I saw you

That when you want someone enough  
Then they can't escape your love  
There is nothin' in the world that cannot be  
If you believe, believe believe believe
