Climbing on a cloud
Dancing on a daydream
I don't have a doubt
Just how good this life could be
You lift me up

Running in the rain
Singing in the sunshine
Telling all the world
Why I'm so in love with life
You lift me up

CHORUS

You lift me up
I'm touching the blue sky
You lift me up
I'm on top of the world
You lift me
I'm getting closer to heaven
In every little thing I love
You lift me up

Heading for the stars
Riding on a moon beam
Taking me so far
Farther than I've ever been
You lift me up

Chorus

And it's so crystal clear
I'm in love
All I'll ever want
All I'll ever need is right here
da da da da deed um da da da da deed do
Repeat
Repeat

Chorus
