You are my Father, I am Your child
Will You hold me in Your arms just a little while
And let me know how much You care for me
There's no other place in this world I would rather be
And when I fall down on my knees and pray
My heart is captured when I hear You say

"Come with me my child to a secret place
I love you, I love you, I love you
Come and find your rest in a secret place
I love you, I love you, I love you"

Everywhere I turn, everything I see
Reminds me of the joy that you bring to me
And I, I need You so don't let me go
Touch me with your healing hand, tell me that you
understand
And when I falter, when I lose my way
You shine Your light on me and I hear You say

"Come with me my child to a secret place
I love you, I love you, I love you
Come and find your rest in a secret place
I love you, I love you, I love you"

Da, da, da
Da, da, da
Da, da, da, daa, daa
Ooh, yeah

And when I fall down on my knees and pray
My heart is captured when I hear You say

"Come with me, come, come, come, come with me now
Just a little while
Come with me, come with me, come, come, come,
come with me now"

Ooh
"Come with me my child to the secret place
I love you, I love you, I love you, yes I do
Come and find your rest in the secret place

I love you, I love you, I love you
Come with me my child to the secret place
In a secret place"

"Come and find your rest in the secret place
Come with me my child to the secret place
The secret place, yeah
Come and find your rest in the secret place
Come with me my child to the secret place"
