Visit "[Eden Home](#)" on MotoLyrics.com

Tragedy is at my window
Searching for a man to follow
Wanna run with all that's in me
Running always left me lost at sea

Closer to my resurrection
Simple living and protection
Home
Lonely nights and poor excuses
Holes so big my heart was useless
And cold
Take me back and there's my Eden
I don't plan on ever leaving
Home

I've used might and tools of battle

Hasty words and foolish ramble
But now it's time to be a farmer
Learn to love without the armor

Closer to my resurrection
Simple living and protection
Home
Lonely nights and poor excuses
Holes so big my heart was useless
And cold
Take me back and there's my Eden
I don't plan on ever leaving
Home

[Solo]

Home, home, home
