I blame it on the ones
That left me here
In the dark of night
Cold and fear
I looked to every other way out
I could find
What I really need is you tonight

Star of wonder
Star of night
Won't you leave me to the perfect light?
I've lost my way somehow
I've lost my sight
Star of wonder
Won't you shine tonight?

It's all we need
To let it out
Every time we cry
Every time we shall
look to every other way I could find
What I really need is you tonight

Star of wonder
Star of night
Won't you leave me to the perfect light?
I've lost my way somehow
I've lost my sight
Star of wonder
Won't you shine tonight?

..Were just hanging on
Cause we don't know
..We're just looking for
A place to go

Star of wonder
Star of night
Won't you leave me to the perfect light?
I've lost my way somehow
I've lost my sight

Star of wonder
Wont you? Won't you shine?

Yeahhhh
Won't you shine tonight?
Won't you shine tonight?
