Now this  
Plotting the fifth  
And time is running out  
I know you need a friend  
The places you're from  
It's farther than you've come  
Crawl into a weed  
I know you need a friend  
And the rain comes down  
And I am still alone  
And the tide goes out again  
And there's nothing wrong  
But I am still alone  
Alone, alone, alone

Lower me down  
Lower me down  
Keeping me safe in the  
Underground  
Letting me out  
Don't wanna go out  
Don't wanna see your face  
Cause I'll hear you shout  
Lower me down  
Lower me down  
Keeping me warm in the  
Underground

It all goes by seni ad seni  
And your wake is clear and  
Known  
When you left  
Everybody wept  
Alone, alone, alone

Lower me down  
Lower me down  
Keeping me safe in the  
Underground  
Lower me down  
Lower me down

(now this)

Lower me down  
Lower me down

(plotting the fifth)
