Won't you dwell on the things you can't change
???

Don't you tell me to lie still and say
What will be will be will be will be
And be ok

I'm trying hard to find a reason to stay
When my ??? is much to ???
With your shadow ???
Oh, as I walk your ocean blue

You see its only a graveyard dog
That hangs around the past
Only the stones and the bones are meant to last

And I pray on your good will that you will come to see it
I wanna ???

There's a ??? i've been feeling just too fine
???
But don't you bring me around and ask me to ???
I'd be a ??? to give you the breath of ???

And i'm trying hard to find a reason to stay
When my ??? is much to ???
With your shadow ???
As I walk your ocean
As I walk your ocean blue

You see its only a graveyard dog
That hangs around the past
Only the stones and the bones are meant to last

And I pray on your good will that you will come to see it
I wanna ???

??? that hangs around the past
Only the stones and the bones are meant to last

And I pray on your good will that you will come to see it
I wanna ??? today...

I wanna ???

I wanna ???

It's not ??? to do

To do
