If the moon is making everything go backwards,
Does it mean you'll soon be here?
If the best years of your life come when you're young,
Will my troubles disappear?
If we're meant to be, we'll find each other,
Back you see with one another.
You said to me before you walked away,

But you're not coming back,
It's all been just a line.
I know this 'cause I find,
Myself saying it this time.

If you draw what you've put out in the world,
And might've lived with silly girls,
Who look for reasons in all they see.
If we're right that what doesn't kill us makes us stronger.
Now why's the past keep getting longer?
Why is it still here if it is history?
If we're right, time holds no power,
And do not fear the lonely hour.
You had said to me before you walked away...

But you're not coming back,
It's all been just a line.
I know this because I find,
Myself saying it this time.

Bleeding hearts don't rest their souls.
And saddened will they die alone.
The poet and the muse don't stand a chance.
Fate won't be kind and nothing's real.
We met, we loved, it's no big deal.
Stop trying to define significance.
You said to me.

But you're not coming back.
It's all been just a line.
I know this because I find,
Myself saying it this time.

But you're not coming back.
It's all been just a line.
I know this because I find,
Myself saying it this time.
