Do you want to be my sidedish friend?
'Cause I'll miss you if you go for good, yeah
We can stay together 'til the very end of time
If it's understood

That I don't want you hanging out with me
But I want you when I call
And we can stay together separately
And we won't be lonely at all

Oh boy, oh boy, I got to think about that
Oh boy

And do you wanna be the one on the hold?
'Cause you know I'll always come right back, yeah
We can find a quiet place for both of us to go
If you always know

That I don't want you hanging out with me
But I want you when I call
And we can stay together separately
And we won't be lonely at all

Oh boy, oh boy, I got to think about that
'Cause every time I think I'm alright
I think I'll win you over I hear you say

That I don't want you hanging out with me
But I want you when I call
And we can stay together separately
And we won't be lonely at all

I don't want to get too close to you
And I don't want you close to me
There's a back door waiting just for you
If this isn't what you need
There's a back door waiting just for you
If this isn't what you need
