Do you wanna be my sidedish friend?
'Cause I'll miss you if you go for good, yeah
We can stay together 'til the very end of time
If it's understood...

That I don't want you hangin' out with me
But I want you when I call
We can stay together separately
And we won't be lonely at all

Oh, boy
Oh, boy
I got to think about that
Oh, boy

And do you wanna be the one on hold?
'Cause you know I'll always come right back, yeah
We can find a quiet place for both of us to go
If you always know...

That I don't want you hangin' out with me
But I want you when I call
We can stay together separately
And we won't be lonely at all

Oh, boy
Oh, boy
I got to think about that
'Cause every time I think I'm alright
I think I'll win you over
I hear you say...

That I don't want you hangin' out with me
But I want you when I call
We can stay together separately
And we won't be lonely at all

I don't want to get too close to you
And I don't want you close to me
There's a backdoor waiting just for you
If this isn't what you need

There's a backdoor waiting just for you
If this isn't what you need
