I'm on the other side
Of where our lives used to be
I'm on the other side
Of where our lives used to be

Every push of my feet
In the sand
Reminds me
Together is not where we stand
Anymore
And every kiss to meet my hand
Defines me
And opens a new door

And all the little lies
Well they call and they wait
And they comfort
And save me from nothing

I'm on the other side
Of where our lives used to be
And i can feel alright
About whatever's good for me
Baby i wanna go back
You were supposed to come with me
All i ever wanted was to be with you
Yeah supposed to come with me
Anything i started
Now i would never do

You're just a postcard out
Or so they say
I'm holding
Records for more
Sent out in one day
And if there's a road
I meant to take
I'm going
Back on the ones who say

All the better times
When you were mine

And the cats are fine but they miss you

I'm on the other side
Of where our lives used to be
And i can feel alright
About whatever's good for me
Baby i wanna go back
You were supposed to come with me
All i ever wanted was to be with you
Yeah supposed come with me
Anything i started
Now i would never do

I'm on the other side
Of where our lives used to be
And i can feel alright
About whatever's good for me
I'm on the other side
Of where our lives used to be
And i can feel alright
About what's good for me
Yeah
Yeah but
Baby i wanna go back
Oh baby i wanna go back
You were supposed to come with me
All i ever wanted
Was to be with you
You're supposed to come with me
Anything i started
Now i would never do
