Something tiny
Something really little
A white rose, a caress
A sweet kiss and an apology

Something tiny
Something really little
A tender gesture, a look
An embrace, a flower.

Something tiny
Something really little
A simple "I love you" with sweetness,
with affection and with passion.

That's all I ask you, my love
My life is falling apart, you're breaking my heart
Try to change soon
Time is really running out now.

[Chorus]

Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
Simple things that you're not giving me now
I'm asking you for like crazy, if you don't want it to
end
Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
The choice is in your hands
Today you decide whether to love me
Or to break my heart

Something tiny
something really pretty
Your wind-blown hair entwined in the warmth of my
hands
You managed to understand
That it's the small things that keep this fire alive
Now, try to change,
The rest will sort itself out

[Chorus]

Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
The simple things that now you are giving me
I love you like crazy and will always love you
Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
The choice is in your hands
You decided to love me and not to break my heart,
Not to break my heart

Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
Simple things that you're not giving me now
I'm asking you for like crazy, if you don't want it to
end
Something tiny, oh oh oh ooooh
Something really little, oh oh oh ooooh
The choice is in your hands
Today you decide whether to love me
Or to break my heart
